NASSO

Completing the headcount of the Children of Israel taken in the Sinai Desert, a total of 8,580 Levite men between the ages of 30 and 50 are counted in a tally of those who will be doing the actual work of transporting the Tabernacle.

G-d communicates to Moses the law of the sotah, the wayward wife suspected of unfaithfulness to her husband. Also given is the law of the nazir, who forswears wine, lets his or her hair grow long, and is forbidden to become contaminated through contact with a dead body. Aaron and his descendants, the kohanim, are instructed on how to bless the people of Israel.

The leaders of the twelve tribes of Israel each bring their offerings for the inauguration of the altar. Although their gifts are identical, each is brought on a different day and is individually described by the Torah
