

Max Gimpel, Of Blessed Memory, not only designed our building and our Beth Emeth Logo, his artistry and symbolism are beautifully woven thought out our building: the Aron HaKodesh in both the sanctuary and the Chapel /Library, the stain glass windows in the foyer, the sanctuary, the Chapel/library and the Rabbi's office, the Memorial Plaque art work, and in the subtle details of the wall light fixtures and railings on the bimah. Max with his wife Alice by his side, saw to every detail of construction, from picking out the color pallets, chairs and fabrics to personally selecting each piece of glass. Beth Emeth is his legacy of love to the Jewish community of the West Valley. You can read about the symbolism of his art work on the links below.
