

## Beth Emeth Congregation hosts Dr. Bernice Lerner of Boston, MA.

On Sunday January 28th, the room was filled with congregants and community members coming together in support of International Holocaust Remembrance Day to hear Dr. Bernice Lerner's Lecture. Dr. Lerner spent 15 years researching her book *All the Horrors of War* in which she intertwines the story of her mother Rachel Genuth, a survivor, and that of Brigadier Hugh Liewellyn Glyn Hughes, the man tasked with the challenges of liberating Bergen-Belsen.

The Room was filled...with interested community members

The program was free and open to the public thanks to the support of an anonymous donor.

Seen to the Left is a slide from the presentation.
