

Tu B'Shevat The New Year of the Trees

This year Tu B'Shevat fell on January 24th-25th. We met at 6:00pm on the 24th for evening services followed by a special Tu B'Shevat Seder. It was a time of tasting 15 varieties of fruits and nuts, connecting to the land of Israel, of focusing our attention on the amazing bounty that comes from trees, of sharing about values learned from our individual parents, and praising HaShem.

A good time was had by all.
