Arizona Monuments & Memorial Tour
A Big Thank You to
Launa Winegrad!

14 People attended this wonderful program. Launa shared her rich love and understanding of Arizona's history, with a personal touch. Seen in the photo is Rose Mofford the first woman governor of Arizona. Launa is standing next to her on the left in the photo.

The park was lovely and the memorials moving. Did you know that the mast, anchor and cannons from the USS Arizona that went down in Pearl Harbor are here in Arizona?

Enjoy seeing them at the Wesley Bolin Memorial Plaza and Park across from our State House.
