

Tu B'Shevat 2025

**Setting up was a lot to do quickly.
Thank you to all those that helped!**

February 13th at 4:00 pm we gathered together to celebrate the "Birthday of the Trees." This biblical holiday instructs those that work the land on harvesting and providing for those in need.

We enjoyed tasting dates, figs, grapes, olives, almonds, pomegranates, wheat, barley, and other fruits and nuts, mixing our juice to match the seasons, and learning about the significance of each item.

We viewed a video from the JNF, learned about planting trees and thanked HaShem for our blessings.

In the spirit of helping those in need, we collected non-perishable food items for the food bank.

We had 43 people attend, a great turn out!
