

Sisterhood Challah Bake August 17, 2025

Sisterhood members and guests: men and women, came to learn to bake Challah. The majority reported they had never made bread before! It was a wonderful day of hands on learning, fun, and an opportunity to socialize.

Each participant received a booklet with the recipe, instructions, diagrams, and other information for reference to take home along with their Challah.

We all enjoyed visiting over snacks and beverages of choice followed by the demonstration of multiple ways to weave and braid dough to shape round or traditional loaves.

Hazzan Lev joined us for the fun and helped us practice the blessing for taking "Challah," the removal of a small piece of dough prior to shaping, a reminder of Ancient Temple times.

A Huge Thank You goes out to Carol Madvig for her extensive work to make this program possible, and to Pamela Weiner, Stacey McEnnan, Sharon Cohn, and Barbara & Robert Cline for their help with set up and clean up!
Todah Rabah for all your help!
